Prism Photographics prints all images on an Epson P8000 using Ultrachrome K3 inks on acid-free paper. If kept under conservation glass, they may be light-fast for over 100 years or more depending on your lighting situation. High UV lighting, especially direct sunlight, will shorten the life. When capturing your original artwork, or importing your file for proofing, there is an initial setup charge which includes color correction of your image. Additional touch-up and other custom work is charged \$100/hr.

#### **Scanning to file from Epson flatbed and Nikon 9000**

Reflective and transparency up to 11x17 – \$16.00 ea.

Prices are for scans only and do not include color corrections or touch-up.

#### **Canvas Stretching: length + width equals United Inches (UI)**

Regular stretch on 5/8" bar, suitable for framing – \$1.60 per UI

**Galley wrap reflected edge setup:** \$11 minimum.

Custom edge touch-up and wraps may require more time.

**Gallery wrap** with reflected edges on 5/8" or 1 1/2" bar – \$1.80 per UI

**Shrink-wrapping finished prints on foam board** – 28¢ per UI

#### **Dry Mounting**

On clay-back foam board – 52¢ per UI — On acid-free foam board – 62¢ per UI

We take pride and care in reproducing your artwork as accurately as possible. However, there are some colors that cannot be reproduced in the gamut of pigment printing.

Minimum turnaround time is one week for high-resolution scanning and proofing of your artwork. Emergencies, based on our workload may incur rush charges.

#### **IMPORTANT NOTES ON SUBMITTING DIGITAL FILES**

If you have digital files for printing, please email those to info@prismphotographics.com with instructions on sizes, paper to print on, and your phone number. We will then get back to you if the files have the proper resolution for the sizes requested and that the sizes will proportionally work for the sizes requested and any other questions. Proofs of the cropped photos can be emailed back to you for approval.

If you come in with files on a camera or thumb drive we cannot guarantee that we can stop work in process to go over all your files. All files from a phone camera **must** be emailed anyway, so best to do that from your home or your office first.

As for phone photos, they are all across the board as to whether they will work. In general they're not a substitute for a good camera, but have made them work.

***Photos embedded in a text message will not work at all.***

Samples of all print papers and canvas are available at our studio for your review.

Ask about quantity discounts.

Prices subject to change without notice.

**For payment, local check, cash or Venmo preferred.**

If payment by credit/debit card, any discounts will have 3.25% subtracted.

### **DIGITAL CAPTURE**

#### **Betterlight Digital Scan Back**

##### **Up to 192mb capture**

Full Setup Includes capture, initial color work and approximate 8x10 proof

Minimum set up charge:  
Up to 30 x 40 — \$160  
for proofing on paper

Larger sizes quoted

Proofing on canvas add \$15

Sometimes our Epson flatbed scanner will work on pieces up to 11x17 for a \$25 savings.

Restoration, custom work, Photoshop work ,tutorials & graphic design \$100/hour.

### **FILE BACKUP**

Always bring a thumb drive so your files can be backed up for your use. We will keep files for five years. \* If the files are of reoccurring use, they will be kept in your folder for use up until five years of last use. You will NOT be notified of last use and may be subject to being deleted.

### **File Formats**

Many file formats are used here. JPG and TIF are the most common for images and are basically universal on computer platforms. However, there's still no guarantee that they work on your computer system. Once transferred you should make sure they open. Other formats used here are Adobe Photoshop, InDesign and Illustrator. These are proprietary formats and the necessary programs would be required to open the files.

\*Prism Photographics is not responsible for any lost files within a five year period. There's no guarantee and always best to bring a thumb drive for your own backup. There is a charge for backing up past files to thumb drive, external drive or WeTransfer.

## PRINT SIZES AND PRICES

Custom sizes are based on square inches. H x W will give you square inches and we will figure a price if in between the sq. in. listed.  
All art prints come with an approximate 1" border. Sizes 8 x 10 and smaller may be an approximate 1/2" border.

| Print Size | Vibrance Matte | Vibrance Luster Photo Paper | Vibrance Metallic E. Hot Press Bright E. Hot Press Natural | Can. Printmaking Can. Aquarelle Canson Platine | Other/Special as Determined | Sihl Canvas w/UV Coating | sq. in. |
